DETAILED ACTION
EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nelson A. Blish on March 29, 2005.

The application has been amended as follows: In claim 5, line 1, "claim 116" has been changed to "claim 1."

Allowable Subject Matter

2. Claims 1-15 are allowed.

3. The following is an examiner's statement of reasons for allowance: The claims recite a method of verifying or forming a folding, embossing, or rule die. The method includes forming an overlay by creating an imaged receiver sheet having an image, a thermal print layer, and a support layer, laminating an imageless receiver sheet with said imaged receiver sheet to encapsulating the image, removing the support layer from the laminate forming an overlay with an electrostatic charge, and using the overlay to verify or form a folding, embossing, or rule die. Kerr et al (U.S. 6,508,527) discloses a method of forming a pre-press proof. The method includes printing an image on a

receiver sheet with a first thermal print layer and a first support layer, a second imageless receiver sheet with second thermal print layer and a second support layer is laminated to the imaged receiver sheet and encapsulated the image, and removing the first and second support layers to form the pre-press proof. (Col 4, lines 31-55) Kerr et al is silent as to the using the pre-press proof to verify or form a folding, embossing, or rule die. A search of the prior art of record did not disclose reference or references with recited feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
